

Tariff of Mortgage Charges

Effective 1 May 2023

Leeds Building Society is closely involved in the mortgage industry's initiative with UK Finance and Which? to make our fees and charges easy for you to understand. Our tariff of charges fully reflects the initiative's good practice principles. This same document is being used across the industry to help customers compare mortgages. When looking at the fees that other firms charge, you may notice that some don't appear in our tariff (below). This means we don't charge you these fees.

When you will pay this charge

Before your first monthly payment.

These are the fees and charges you may have to pay before we transfer your mortgage funds.

Name of charge	What this charge is for	How much is the charge?
Funds transfer fee	Electronically transferring the mortgage funds to you or your solicitor.	£35.
Legal fee	You'll normally instruct a solicitor to act on your behalf in connection with your home purchase transaction. You may be required to pay their legal fees and costs as part of their work on your behalf. These fees/costs are normally charged by the solicitor, directly to you unless we tell you that we will contribute to the legal costs as part of your product deal.	Variable, these fees are charged by the solicitor directly to you.
Product fee	This is charged on some mortgages as part of the deal. It can be paid up-front or added to the total mortgage amount. If you add it to your mortgage, you'll pay interest on it at the same rate as the rest of your borrowing. It might be a flat fee, or a percentage of the loan amount.	Varies by product. Details available upon request.
Re-inspection fee	If your mortgage is released in stages and you're using it to renovate your home, this covers the new valuation we need to do after the work's carried out.	£70.
Valuation fee	The lender's valuation report, which is used to calculate how much it will lend you. This is separate from any valuation or survey of the property you might want to commission. There are other homebuyers or structural survey options available to you at a cost and there may be different approaches in different parts of the UK. Some mortgages offer free valuations - the product details for your mortgage will tell you if this is the case.	See below. Details of our Homebuyer Report Fees and Building Survey and Valuations Fees are available to view on our website.

When you will pay this charge

If you are unable to pay your mortgage.

These charges will usually be added to your mortgage account and will incur interest in the same way as the rest of the mortgage debt. These are the most common charges you may have to pay if you fail to keep up with your mortgage payments. Some charges, for example those covering unpaid/returned Direct Debit or cheques, occur at the early stages of your inability to pay (arrears). Other charges, for example, relating to our repossession of the property, may apply later in the process and will be dependent on your circumstances. In addition to our charges, other costs and expenses may be incurred and added to your mortgage account if we have to instruct any third parties (e.g. solicitors or surveyors) to take any action we are entitled to take under the Mortgage Conditions to protect our interests or to enforce the mortgage loan, including where we seek possession and sale of the mortgaged property.
